

helcim

Helping growing businesses *get paid.*

Whether customers accept payments online or in-store, one time or recurring, Helcim has you covered with one free account.

Why businesses switch to Helcim?

No hidden fees and no contracts

No hidden charges which includes PCI fees, monthly minimums, and statement fees.

Transparent pricing

Widely regarded as the industry's most affordable billing practice, Interchange Plus pricing passes on the lowest possible interchange rate for each transaction.

Real human support

This means whenever you need help, you can quickly talk to a real person who actually care about you and your business.

Free access to payment tools

Get unlimited access to all the tools you need, including the *Helcim Payment Extension* – It brings Helcim's transparent pricing to your favorite business software instantly, with no direct integration needed.

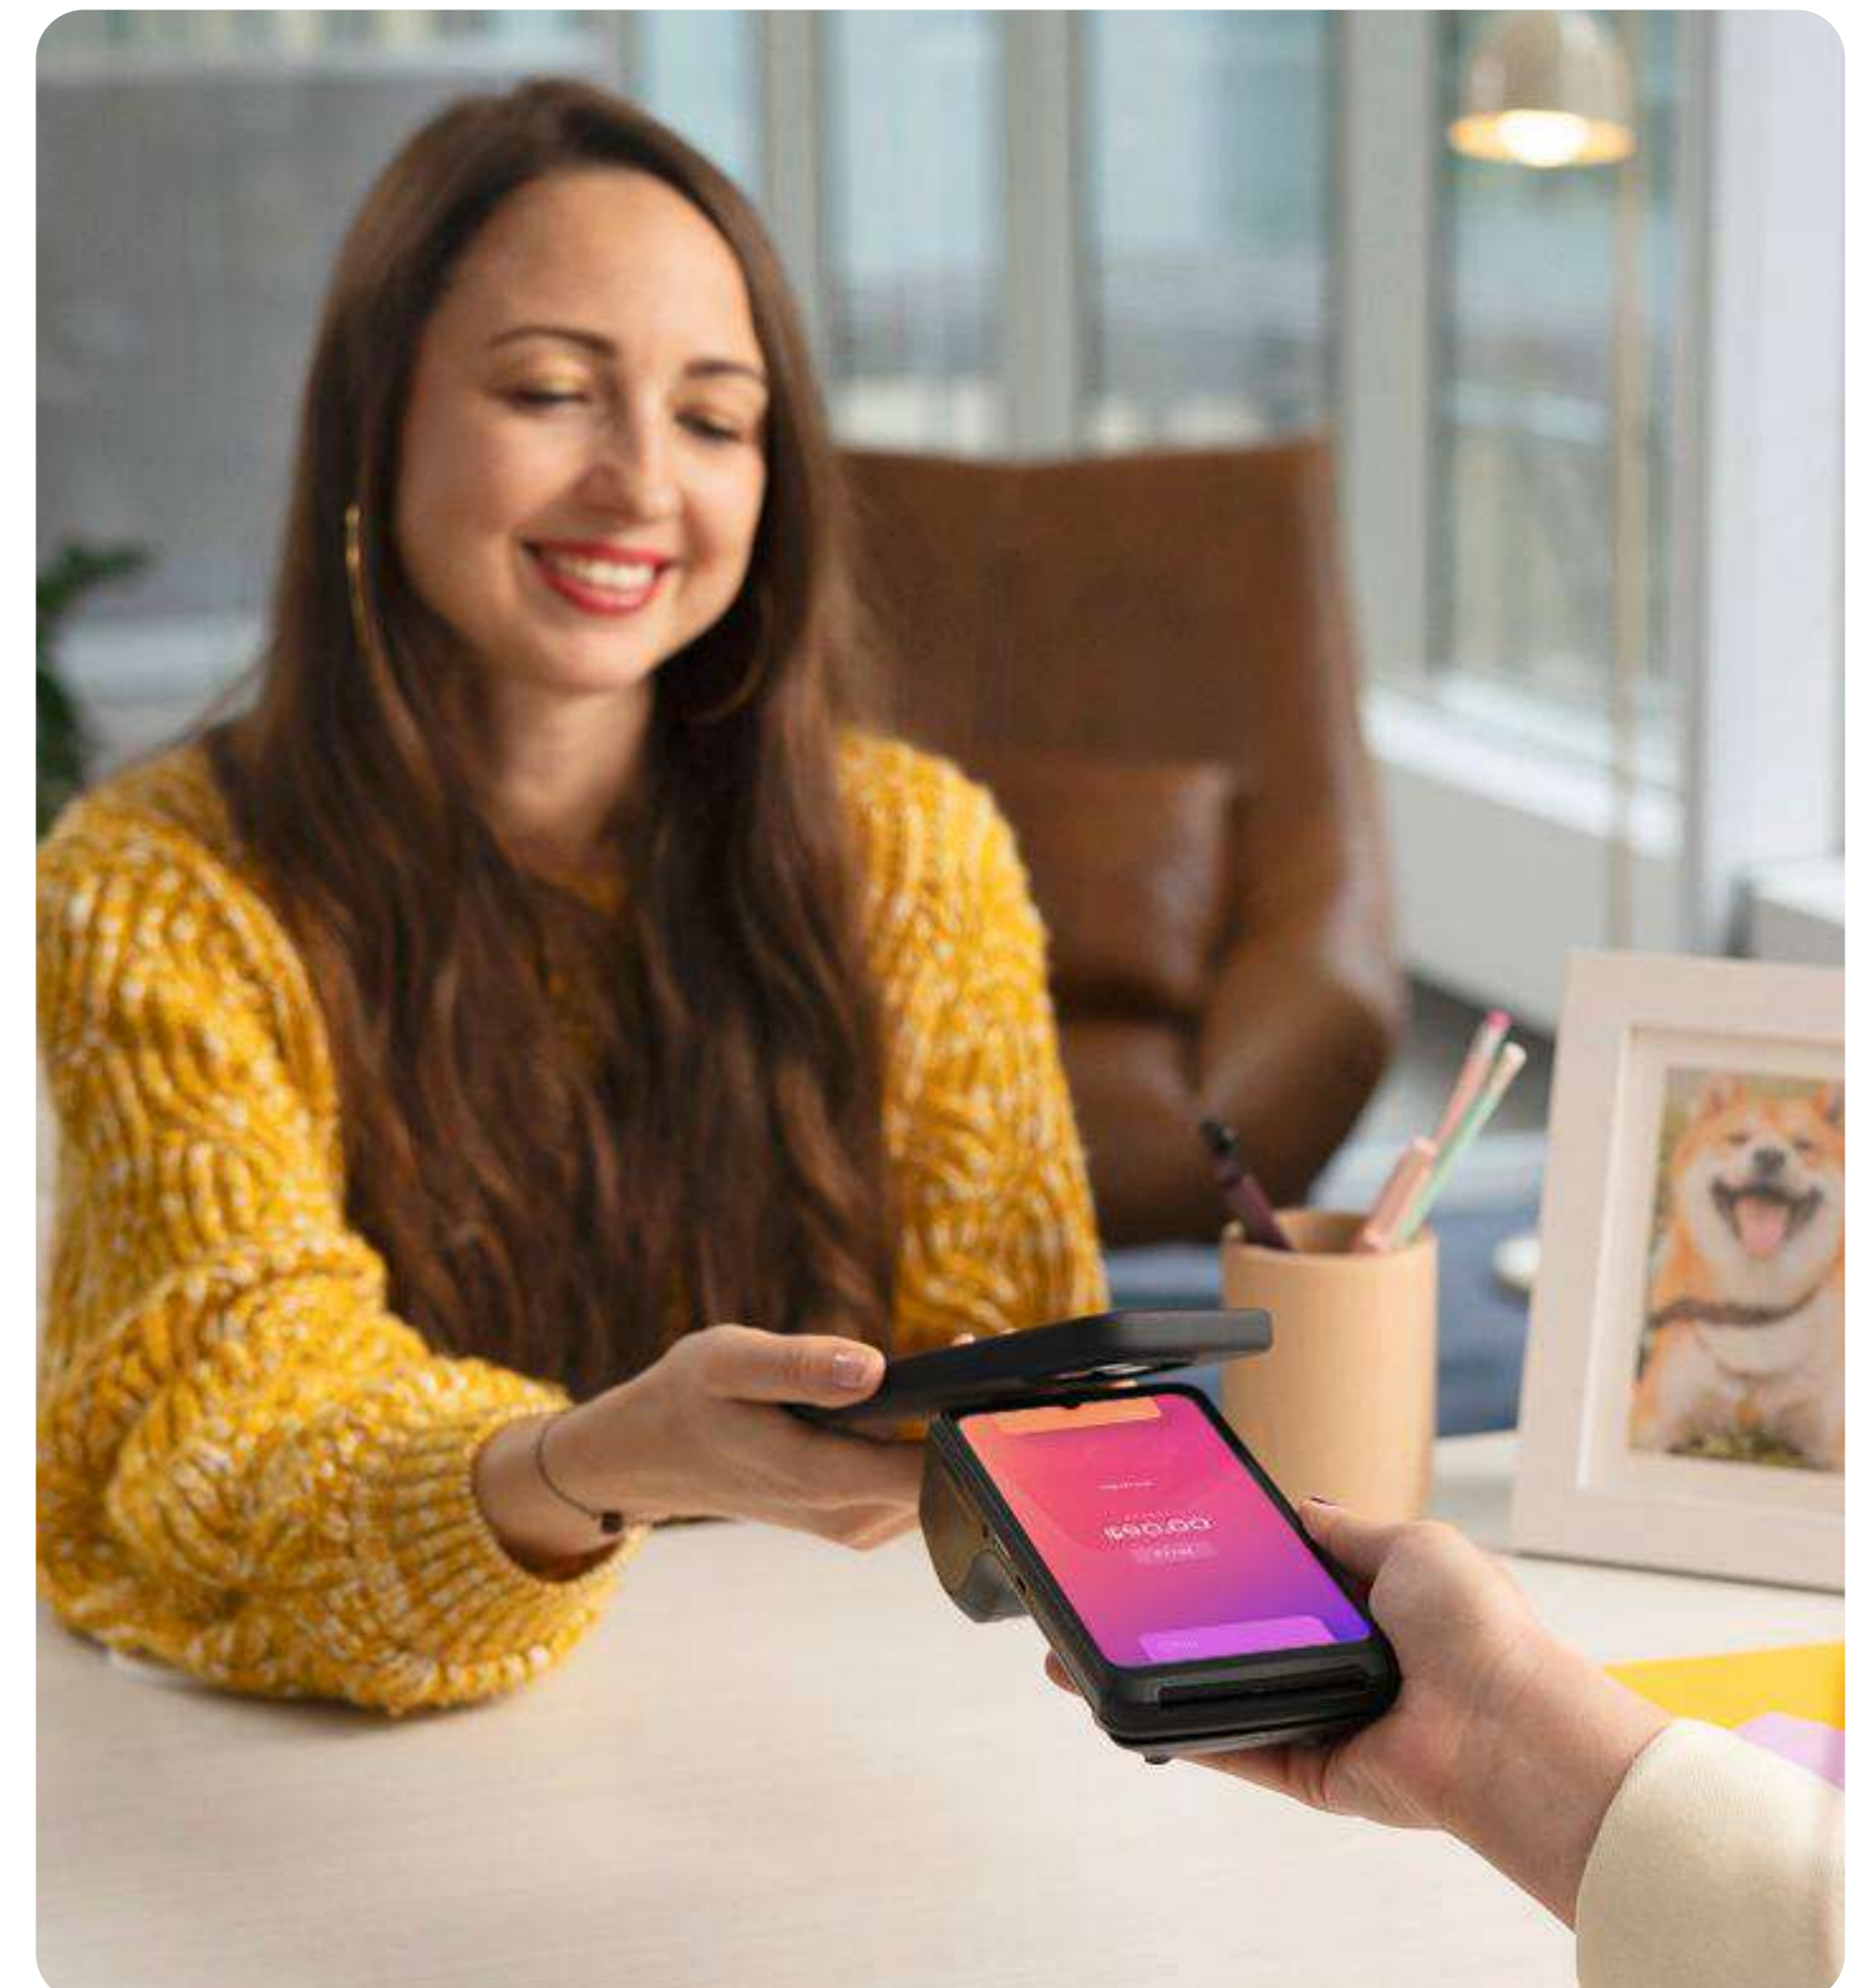

Automatic volume discounts

No need to call and re-negotiate rates. Helcim automatically lowers your processing rates based on their 3-month volume average.

Helcim *saves businesses 25%* on average compared to competitors.

Switching to Helcim is easy.

- ✓ Businesses can easily compare their savings. Use Helcim's *free comparison tool*.
- ✓ Businesses can offset cancellation fees. Get up to *\$500 of processing fees waived*.
- ✓ Businesses can get onboarded seamlessly. Helcim provides *customer and data migration* to avoid payment interruptions.

Average costs to expect with Interchange Plus pricing.
